PROFESSIONAL PROFILE:

Gage Academy of Art Graduate and Software Developer with a hunger for learning and problem solving. In search of a mid level part time/full time role where I can sharpen existing skills, obtain new experiences, and seek projects where I can provide ongoing value that requires creative solutions.

PROFESSIONAL EXPERIENCE:

Node/Server-side Software Application Development
Nine Peaks Solutions | Bend, OR | 2022

- Built Node/Puppeteer/Playwright web-scraping & file extracting applications in which to migrate towards newer paperless payroll systems.
- Managed HCM Software (ex: Paylocity/iSolved) in the progressive creation of server-side programs to newly developed Database Management Systems.
- Preparation of Company/Employee data for server-side applications and the Laserfiche transference process.
- Responsible for the creation of back-end code through the use of virtual machines.
- Processed and managed client project data with the use of HCM Software applications.
- Played a consistent role in the complete life cycle of all client projects.
- Contributed to client projects through Agile Project Management.

Full Stack Software Web Development Education, Development & Freelance
syntaxsamurai.com | Bend, OR/Springfield, MA | 2017-PRESENT
